

BESS Port Vila sells brand new uninterruptible power supply

Do you need an uninterruptible power supply (UPS)?

If you have important electronics that have to keep running when the power's out, you'll need an uninterruptible power supply (UPS). We've reviewed our recommendations and are confident these are still the best UPS devices you can buy. Many smart devices have built-in battery packs, with modern laptops packing enough cells to last a whole day.

What are the best uninterruptible power supplies?

Uninterruptible power supplies (UPS) are valuable tools to prevent loss of work and damage to electronics due to load-shedding, and the best brands include Mecer, RCT, and Eaton. Each brand offers a range of UPS sizes that give users time to save work and safely shut down their electronics when Eskom cuts power.

What is an uninterruptible power supply?

An uninterruptible power supply is an emergency power device that can supply continual electricity. If the grid goes down in your locale, a UPS can kick in instantaneously to ensure your home, equipment, or lighting doesn't lose power (assuming your gadgets are accompanied by quality USB-C cords or Lightning cables).

What is the best uninterruptible power supply for mid-range PCs?

Though the lack of a USB port limits the versatility of this model, we still highly recommend the Back-UPS Pro as the best uninterruptible power supply for mid-range PCs! If you need an uninterruptible power supply on a budget, in the event of an outage, then Tripp Lite's AVR750U is an affordable must-buy.

Who makes the best uninterruptible power supply in South Africa?

The company was established in 1993 and says it has since become one of the leading power supply manufacturers globally. In South Africa, FSP's products are distributed by Syntech. These are some of the best uninterruptible power supply brands available in South Africa.

Though the lack of a USB port limits the versatility of this model, we still highly recommend the Back-UPS Pro as the best uninterruptible power supply for mid-range PCs! Best Budget UPS Battery Backup: Tripp Lite AVR750U
