

Indonesia Surabaya Energy Storage Cabinet Container Customization

Who is PT modular energy Indonesia?

We provide innovative system integration for BESS, PCS, and Advanced UPS. PT Modular Energy Indonesia specializes in integration of innovative energy storage solutions, focusing on battery energy storage system (BESS) and power conversion systems (PCS). BESS Indonesia system integrator.

Why do Indonesian batteries need a battery energy storage system?

Batteries are required to provide constant electricity supply to renewable energy plants, which are primarily intermittent, such as solar and wind power plants. The agreement was made with other state-owned bodies, such as the Indonesian Battery Corporation, to build the Battery Energy Storage System by 2022.

Who is involved in the battery energy storage system project?

Subsidiaries of PLN involved in the Battery Energy Storage System project happen to be the primary electricity providers in Indonesia, such as PT Indonesia Power, PT Pembangkitan Jawa Bali, and others. The plan to develop an energy storage system aligns with the positive growth in the renewable energy industry.

Why should you buy a container data center from Tradecorp Indonesia?

Create convenience in data center procurement by ordering a Container Data Center from Tradecorp Indonesia. These modified containers function as storage spaces for devices or server rooms that are easily transportable and deployable. The available space can accommodate all necessary IT equipment and other components required in a data center.
