What kind of batteries does saphiion offer?

Saphiion specializes in designing custom lithium-ion 18650 battery, 21700 battery and lifepo4 battery in various specifications, sizes, and shapes to meet your unique needs that vow your success! We offer a range of custom lithium battery packs, including lithium iron phosphate batteries for superior performance and safety.

Where are Alexander battery products made?

Alexander Battery Technologies' is a UK battery pack manufacturer, based in North East England. We also have offices in Frankfurt, Germany to support our customers in DACH (Germany, Austria, Switzerland). We serve customers around the world, including USA, Africa and Europe. How soon can my battery products be brought to market?

Who is Alexander battery technologies?

Designing, developing and manufacturing customised lithium-ion battery packs using a full range of battery chemistries, Alexander Battery Technologies delivers incredibly reliable custom battery packs for businesses across the industries we serve.

Why should you choose a custom lithium-ion battery?

With stringent adherence to safety standards and compatibility with diverse drone systems, our custom lithium-ion batteries cater to the unique needs of aerial photography, surveillance, mapping and surveying, search and rescue, agricultural, and more.

Our battery packs are customized and optimized. SWE manufactures Lithium-Ion battery packs optimized to your design specifications. The advantage of Lithium-Ion is the high energy density (weight-to-size ratio). We bring together our engineering, manufacturing, and quality teams throughout the service/manufacturing process to ensure you receive the finest ...

Our team, headed by a dedicated project manager, develops your custom battery pack design from concept through to manufacturing. Working collaboratively with your team, we work through DFMEA, drawings, PFMEA, PPAP submissions, ...
