

Netherlands Rotterdam Energy Storage Power Customization Company

Is S4 Energy launching a battery energy storage system in the Netherlands?

ROTTERDAM, Netherlands - 4 February 2025 - S4 Energy, Rotterdam-based leader in European grid-scale storage, has operationalized its state-of-the-art 4-hour Battery Energy Storage System (BESS), the first of its kind in the Netherlands.

Did a Dutch integrator relocate a large-scale battery energy storage system?

The Dutch integrator has pulled off a major feat, relocating a large-scale battery energy storage system to a new site and installing a bigger, more advanced system in a highly complex location.

Is the Dutch electricity grid under strain?

S4 Energy's CCO,Dominique Becker Hoff,stated that the Dutch grid is under strain,citing growing demand and a mismatch between renewable energy availability and demand. "It is no secret that the Dutch electricity grid is under strain. The demand for electricity is growing faster than infrastructure can be expanded," said Becker Hoff.

Who is green energy storage?

The Dutch integrator worked alongside its local partners energy company Greenchoice and energy storage project developer Green Energy Storage on the relocation of the existing large-scale battery system to a new site and the installation of a larger and more advanced system.

Why is Rilland a scalable energy storage solution?

"The Rilland installation is the first of its kind in the Netherlands with the storage capacity to deliver 10MW of power for 4 consecutive hours. While this alone cannot meet the total energy demand, it represents a critical and scalable step forward in sustainable energy storage innovation and grid flexibility," Becker Hoff explains.

Buy a custom-made list of Energy Companies in The Netherlands. BoldData"s global business intelligence of Dutch Energy companies is delivered in Excel/CSV and contains e-mail addresses, telephone numbers, contacts, revenue and postal addresses of all Energy Companies in The Netherlands. Our database of Energy Companies in The Netherlands is therefore ...
