

Niue lithium battery pack manufacturer

Capacity range from 30 to 150kW, three phase output for middle-scale C& I use. Advanced Li-ion battery pack with high energy density and more than 20 year service life is an ideal solution for energy storage system of any capacity. Compact and scalable with modular 19" rack-mount design it can be easy to expand capacity from kWh to MWh scale.

The eMobility market is a hugely varied and rapidly growing market with a wide range of applications that have extremely high performance demands on the custom battery pack itself. Demand spans across a spectrum of applications, ranging from e-Scooters and e-Bikes to electric motorbikes, electric cars, construction equipment, marine vessels, and industrial machinery.

When it comes to developing batteries for medical devices, reliability is non-negotiable. That's why we work closely with our customers to address the technical and documentation challenges of developing custom lithium-ion battery packs for medical equipment. Offering battery pack design & manufacturing, our solutions are engineered to meet rigorous demands, ensuring ...
