

Outdoor portable power market share

What is the global portable power station market value?

The global portable power station market attained a value of about USD 416.08 million in 2023. The market is further expected to grow in the forecast period of 2025-2034 at a CAGR of 7.9% to reach nearly USD 826.75 million by 2032. Read more about this report - [REQUEST FREE SAMPLE COPY IN PDF](#)

What are the key trends guiding the portable power station market?

The key trends guiding the market growth include the rising demand for lightweight portable power stations, the increasing ownership of multiple gadgets, and the growing demand for battery-powered portable power stations. What are the major regional markets of portable power station, according to the EMR report?

How is the portable power station market categorized?

This research report categorizes the portable power station market by technology type, power source, sales channel, application, capacity and region. In December 2022, Lion Energy entered into an agreement with ABF.

What is the value of portable power station market in 2024?

In 2024, the global portable power station market attained a value of nearly USD 416.08 million. What is the growth rate of the market? The market is projected to grow at a CAGR of 7.9% between 2025 and 2034. What is the forecast outlook of the market for 2025-2034?

What is the demand for portable power stations?

The growing demand for lightweight portable power stations that can be deployed in versatile indoor and outdoor applications is propelling the market growth. With the increasing ownership of multiple gadgets, the demand for portable power stations with various output ports is surging.

What are the key drivers of the portable power station market?

The major market drivers include the rising incidences of power cuts, the development of cost-effective and reliable portable power stations, and the increasing use of battery management systems in portable power stations. What are the key trends of the market?

The portable generator market in Germany held a substantial share in 2024 owing to heightened demand for backup power in response to frequent power outages and extreme weather events. The growing reliance on portable generators is ...

Unlock the potential of the portable power station market with our comprehensive research report, which provides valuable insights and a decade-long forecast on trends, growth opportunities, and industry dynamics. ... a green energy technology company, launched its BAY Series of Portable Power Station for outdoor users on Indiegogo, including ...

Outdoor portable power market share

Portable Energy Storage (PES) Market Analysis- Industry Size, Share, Research Report, Insights, Covid-19 Impact, Statistics, Trends, Growth and Forecast 2025-2034 ... utilize rechargeable batteries, fuel cells, or capacitors to store energy, providing a convenient and versatile power source for outdoor activities, remote locations, emergencies ...

Portable Power Station Market size is estimated to grow by USD 234.1 million from 2025 to 2029 at a CAGR of 9.4% with the lease having the largest market size. ... Market share 2024-2029 (%) Data Table on Application - Market share ...

The outdoor power equipment market size was valued at over USD 34 billion in 2023 and is estimated to register a CAGR of over 5.5% between 2024 & 2032, driven by increase in demand for landscape and gardening services. ... compact utility loaders and portable generators are also increasingly demanded by people. These instruments are necessary ...

The global outdoor power equipment market size in terms of revenue was estimated to be worth \$31.0 billion in 2024 and is poised to reach \$36.5 billion by 2029, growing at a CAGR of 3.3% during the forecast period. ... Outdoor Power Equipment Market Size, Share & Industry Growth Analysis Report by Equipment Type (Lawn Mowers, Saws, Trimmers ...

The portable power station market has been experiencing significant growth in recent years. ... with several key players vying for market share. Some prominent companies operating in this market include Goal Zero, Jackery Inc., EcoFlow, Anker Innovations, and Rockpals. ... Applications of portable power stations include outdoor activities ...

The global portable power station market was valued at USD 350 million in 2022 and is expected to reach USD 620 million in 2030, with a CAGR of 7% during the forecast period 2023-2030. The market for portable power stations refers to the market for compact and mobile devices that can store and supply electricity for a range of applications.

The global portable power station market size was valued at approximately USD 3.1 billion in 2023 and is projected to reach around USD 6.3 billion by 2032, reflecting a robust CAGR of 8.1% over the forecast period. ... The integration of outdoor emergency power supplies with portable power stations enhances their utility, offering a ...

Portable Power Station Market Overview: Portable Power Station Market is estimated to reach USD \$1.8 Billion by 2030, at a CAGR of 17.0% during the forecast period 2023-2030. The growth of the market is being driven by the increasing demand for portable power solutions from various end-users, such as consumers, businesses, and government agencies.

Global Portable Power Station Market is accounted for \$4.44 billion in 2023 and is expected to reach \$6.64 billion by 2030 growing at a CAGR of 5.9% during the forecast period 2023-2030. ... like fans, laptops, cell

Outdoor portable power market share

phones, tablets, and mini-refrigerators. These are versatile and commonly used for camping, outdoor activities, emergency backup ...

Market Size & Trends . The U.S. outdoor power equipment market size was valued at USD 12.89 billion in 2023 and is anticipated to grow at a CAGR of 6.7% from 2024 to 2030. The growing demand for landscaping services among American households and commercial establishments is a major factor driving industry growth.

Portable Power Station Market Research, 2031. The global portable power station market size was valued at \$4.0 billion in 2021, and portable power station industry is projected to reach \$5.9 billion by 2031, growing at a CAGR of 3.9% from 2022 to 2031. Report key highlighters: The portable power station market has been analyzed in value and volume.

COVID-19 Impact on the Portable Power Station Market . The COVID-19 pandemic had a mixed impact on the Portable Power Station market. On one hand, there was a surge in demand for portable power stations as people spent more time outdoors, engaged in camping trips, and faced power outages during lockdowns.

The market size for outdoor power equipment was USD 25.9 billion in 2021, and it is projected to grow at a CAGR of 6 percent during the forecast period. Services ... Residential Category Dominated Market. In 2021, the residential market share was greater than 49.37%. Demand for outdoor power equipment is anticipated to increase as residential ...

The global portable lithium power station market size was valued at USD 161.4 million in 2024 and is projected to grow at a CAGR of 16.8% from 2025 to 2030. ... Portable Lithium Power Station Market Size, Share & Trends Analysis ...

The global outdoor power equipment market size was estimated at USD 53.42 billion in 2024 and is projected to grow at a CAGR of 6.3% from 2025 to 2030. ... Outdoor Power Equipment Market Size, Share, & Trends Analysis Report By ...

The U.S. portable power station market size is projected to grow from \$293.94 million in 2025 to \$504.95 million by 2032, exhibiting a CAGR of 8.04% ... U.S. Portable Power Station Market Size, Share & Industry Analysis, By Power Source (Hybrid Power Source and Single Power Source), By Capacity (Less than 500 Wh, 500 Wh to 1,499 Wh, and 1,500 ...

Insights, By Technology- Lithium-ion Technology Drives Above 600 WH Segment. In terms of technology, emergency segment is estimated to hold the highest market share of 43.9% in 2025, owing to various advantages over other technologies. Large capacity portable power stations with over 600 Wh energy uses lithium-ion batteries that allow for high energy density in a compact ...

The global portable power station market size, share, growth, analysis, trends & forecasts. The portable power

Outdoor portable power market share

station market is expected to reach USD 1.1 billion by 2028 from an estimated USD 0.5 billion in 2023, at a CAGR of 18.4% during the forecast period.
