

Vietnam Ho Chi Minh Energy Storage Power Station Factory Direct Sales

How much does a new energy storage project cost in Vietnam?

Photo by AMI AC Renewables An energy storage project costing nearly \$3 million will be built in Khanh Hoa Province as part of a new joint venture. Funded by the U.S. Mission Vietnam, the project aims to demonstrate how it can reduce power losses and help Vietnam integrate more renewable energy into the nation's power system.

When will the battery energy storage system be installed in Vietnam?

The power plant will be the first in Vietnam to deploy the Battery Energy Storage System. Nguyen Nam Thang, CEO of AMIAC Renewables, said at the signing ceremony there was a determination to put the project into operation before the third quarter of 2024.

Can battery energy storage be commercially viable in Vietnam?

The BESS project aims to demonstrate the commercial viability of battery energy storage in Vietnam and showcase the practical benefits of renewable energy, including its reliability and efficiency. It also seeks to help Vietnam meet its climate action targets.

Can energy storage help Vietnam meet climate goals?

Co-funded by a grant from U.S. Mission Vietnam, the pilot project will demonstrate how energy storage can help Vietnam integrate more renewable energy into its power system to meet ambitious climate goals.

What is Ami AC renewables doing in Vietnam?

Since 2017, the company has been developing and operating renewable energy projects in Vietnam, which include the 252 MW wind project in Quang Binh and the 80 MW solar plants in Khanh Hoa and Dak Lak. In October 2021, U.S. Mission Vietnam awarded AMI AC Renewables a grant of US\$2.9 million to spearhead and develop the project.

Will a Honeywell battery energy storage system be integrated into a solar farm?

AMI AC Renewables, a joint venture between AMI Renewables of Vietnam and AC Energy of the Philippines, signed an MOU with American corporation Honeywell in Ho Chi Minh City on Tuesday to integrate a Honeywell Battery Energy Storage System into a 50-megawatt peak solar farm in Khanh Hoa, according to a U.S. Consulate General statement.
