Majuro is the capital and largest city of the Marshall Islands. It is also a large coral atoll of 64 islands in the Pacific Ocean. It forms a legislative district of the Ratak Chain of the Marshall Islands. The atoll has a land area of 9.7 square kilometres and encloses a lagoon of 295 square kilometres . Source: Wikipedia

An outdoor energy storage power supply refers to a system designed to store and provide electrical energy in outdoor environments. These systems are typically used to store energy generated from renewable sources like

The Majuro atoll itself has few things to offer but is a good base for exploration of the surrounding islands. The main tourist attraction is Laura Beach on the western tip of the main island about 40km away from town. As taxis to Laura Beach are quite expensive the added value of a rental car should not be neglected.
